Felicitation Stage Plan

Recipients should be called in four clusters: **(1) Government, Armed Forces & Public Institutions; (2) NGOs, Community, Educational & Workplace Partners; (3) Media Partners; (4) Special Supporters & Contributors.** Dr. Ashwani Sadana should remain at the lectern announcing names, while Dr. Sanjiv Vohra coordinates stage movement and presentation from the dais. Personalised contribution paragraphs need not be read on stage; a brief recognition line will keep the ceremony within time.

AOS Member Recognition: Participating AOS members will be acknowledged prominently through the campaign film with their photographs, names and activities, rather than through individual mementoes at this function.
